ABOUT MAASTRIX

We are a highly effective, learning and fast growing organization. Up till now, our customers have their base in the USA, UK, Canada, Norway, Australia and India.

WHO WE ARE

We are one of the top players leading the current web designing industry. Located and headquartered at Michigan, we have the solutions to offer which is tailor-made according to your requirements. We have also collaborated and have alliances with companies belonging to similar traditions and business across the globe.

OUR VISION

We started as an independent firm with no support from any corporate house or any sort of financial assistances from any firm. We just had a motto to make it big while serving our clients loyally. With a small bunch of passionate people, we have emerged as a large enterprise having a bigger vision and an elaborate mission. We have come a long way since a decade and have seen several ups and downs.

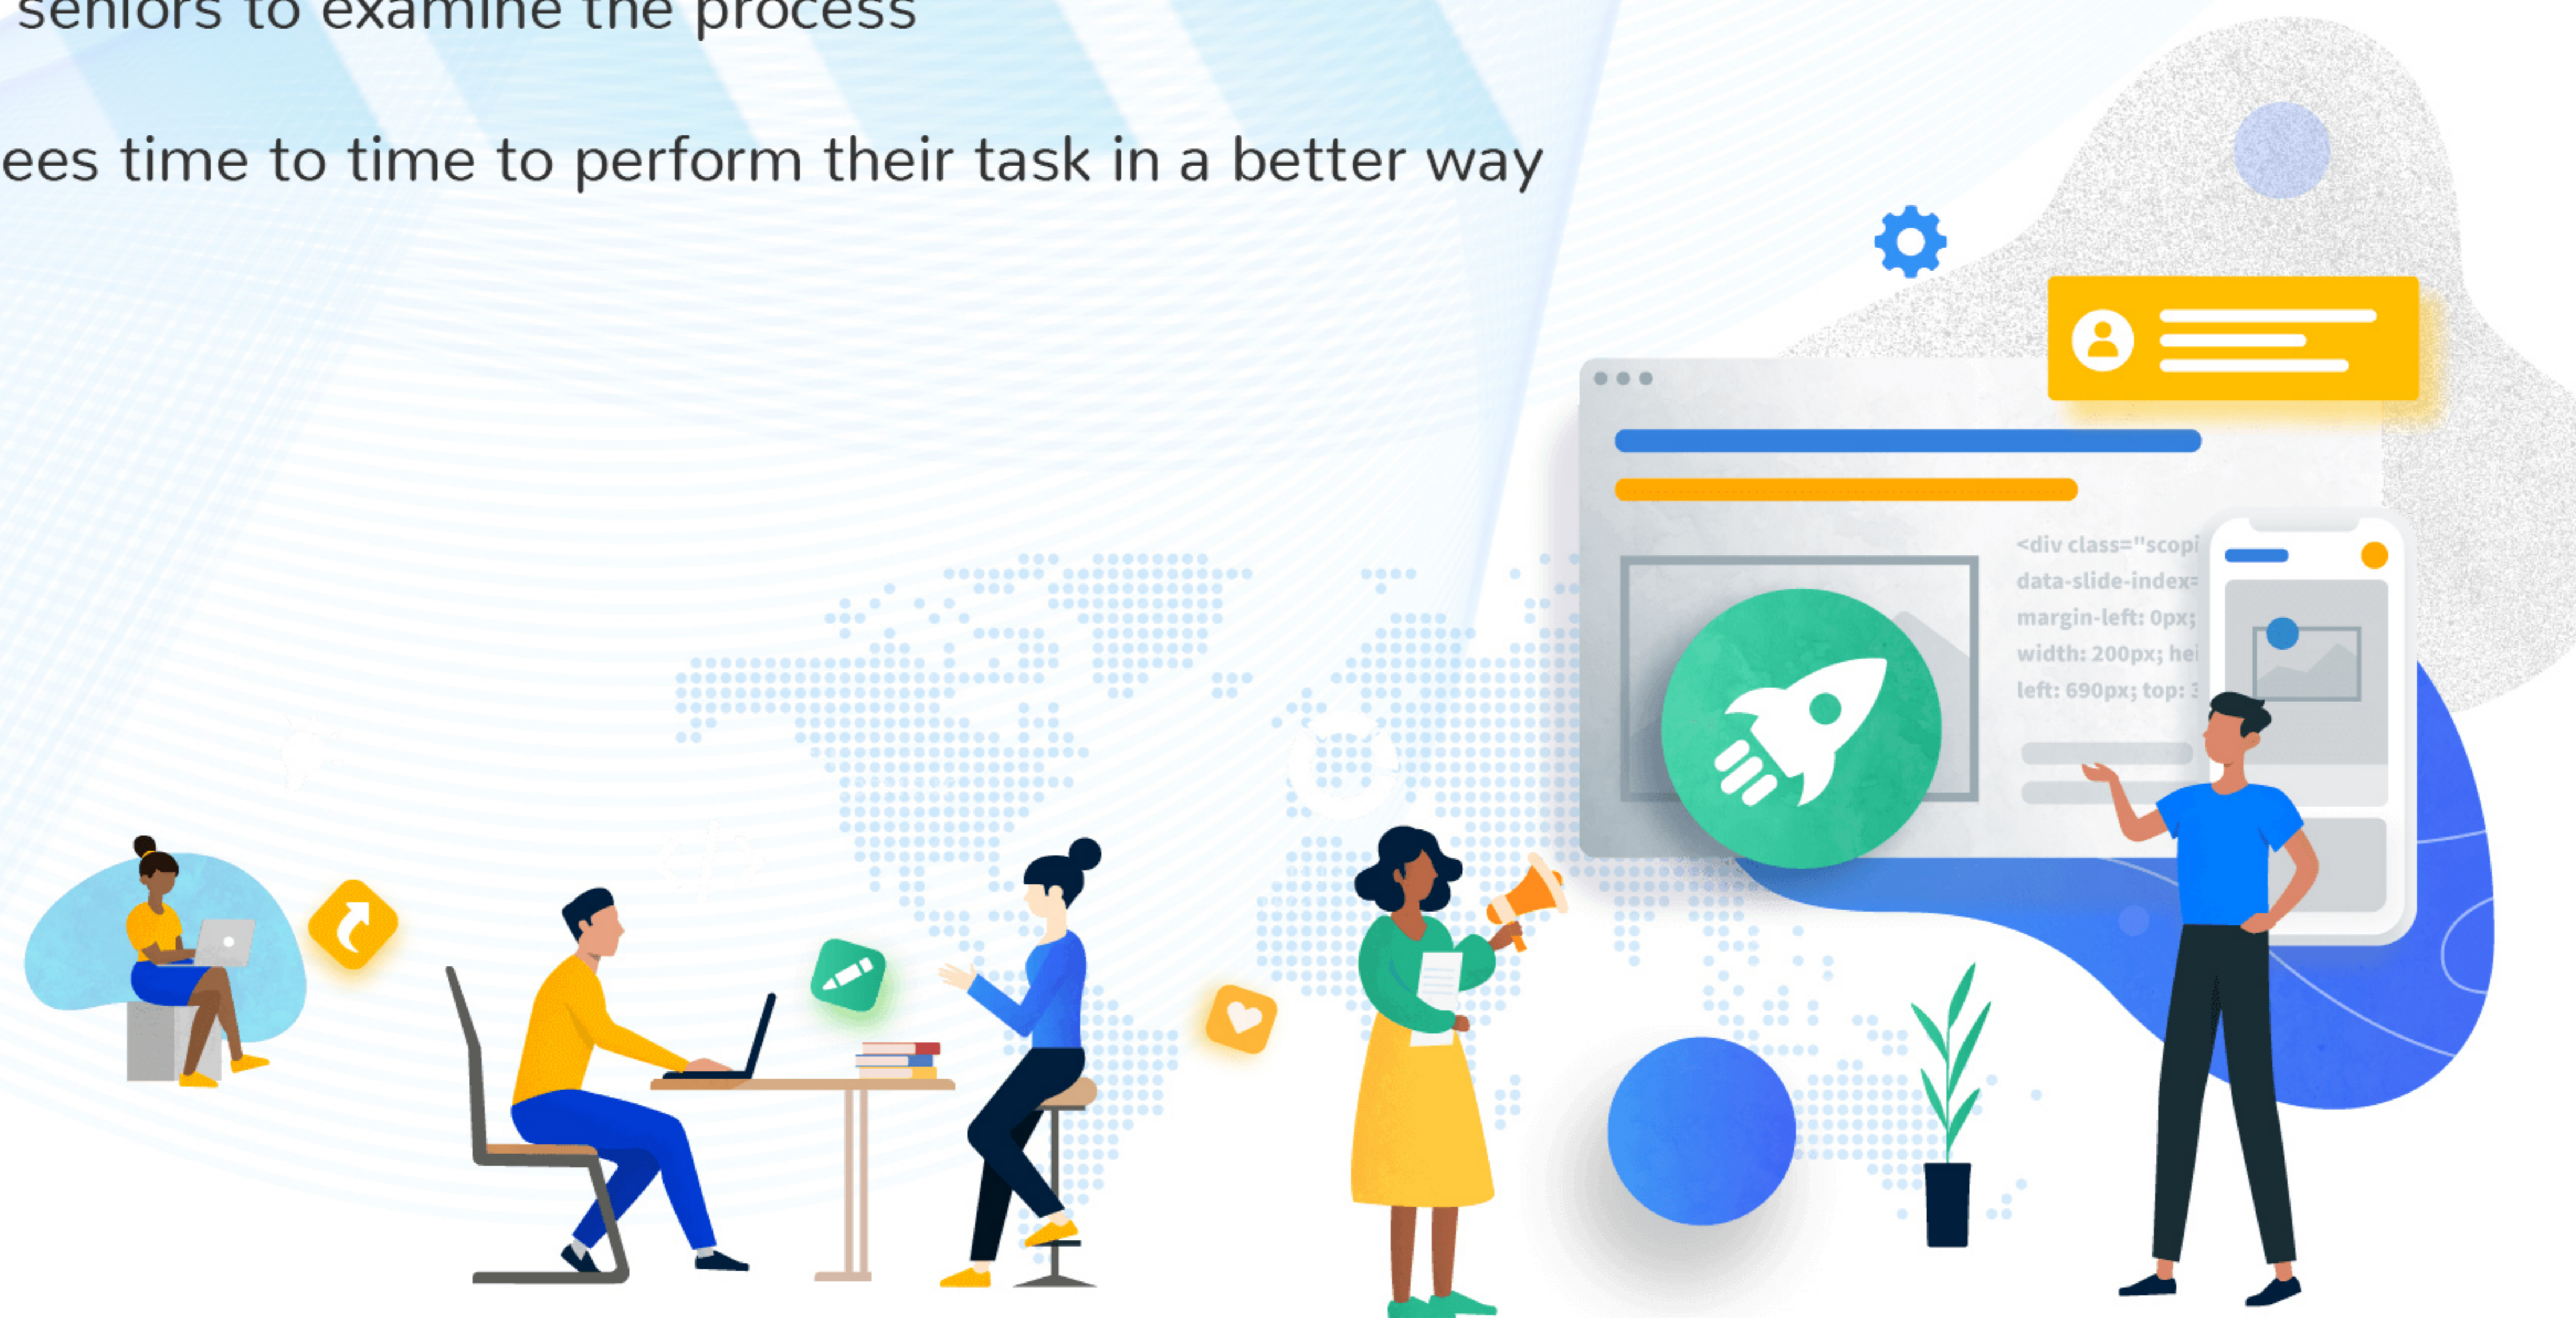

“TO IMPROVE IS TO CHANGE AND TO BE PERFECT IS TO STRUGGLE”

We have changed our name from Maas InfoTech to Maastrix, but our loyalty and assurance remains unaffected. Founded in 2004, Maastrix solutions is a professional web development company which has helped lift non-existent sites from obscurity to the top of their field. We are a US-based versatile web agency offering web strategy, design and development services. We have over 7 years experience in web design, from small promotional sites to major e-business projects, working on strategy, project management, content creation and site promotion as well as web design and development.
